

## Global GreenTag<sup>Cert™</sup> Ecolabel Program

### Products Currently Under Assessment

#### To whom it may concern:

This letter is to officially inform you that **Waterford Carpets Ltd** have submitted their Tretford® Roll and Tretford® Interlife for Global GreenTag<sup>Cert™</sup> GreenRate Certification:

#### Tretford® Roll Tretford® Interlife

Global GreenTag<sup>Cert™</sup> Certification involves detailed assessment of a product's life cycle impacts on human health and the environment. Assessments may take from four weeks up to a year, depending on the complexity of the products, and the availability of full and compliant information from manufacturers and their supply chain, which may be a lengthy process.

A product may pass and proceed to Certification, or fail to pass the requirements and be ineligible for Certification.

A product that successfully passes all assessment requirements will achieve a Certificate identifying the manufacturing facilities Certified, the level of Certification, and the expiry date of the Certification. A product shall not be considered as having met the requirements of the Global GreenTag<sup>Cert™</sup> Product Standard without providing a current Certificate and appearing on the database of Certified products on [www.ecospecifier.com.au](http://www.ecospecifier.com.au) and [www.globalgreentag.com](http://www.globalgreentag.com).

Global GreenTag<sup>Cert™</sup> is a third party Green Building Council of Australia (GBCA) product rating and Certification system. Global GreenTag<sup>Cert™</sup> GreenRate Certification is recognised by the GBCA as a Green Star® Third Party Product Certification Scheme.

This letter is valid until the 25<sup>th</sup> December 2019.
